

# A GUIDE TO... MONARCH LEG PANEL ADD-ONS

In addition to our peak flags, TentCraft is now offering 3 new add-ons for the MONARCHTENT:

Long Triangle Leg Panel

Short Triangle Leg Panels

Rectangle Leg Panel

## FUN FACTS

- The **Short Triangle Panels** come as a pair - the Rectangle and Triangle Long Panels are quoted solo.
- These panels **will not be wrapping to any walls**.
- Location and velcro specification is **very important** with these panels. See next page for location guide.
- The **Short Triangle Panels** are designed to land directly above a half wall
- All panels are **double sided**
- All panels wrap around the leg and velcro behind the valance like standard walls. Can also be used with mightyTent.

# A GUIDE TO... MONARCH LEG PANEL LOCATIONS

When quoting your add-on(s), please use this universal guide to determine how to request the location(s) in your sketch notes.
