

MONARCHFLAG

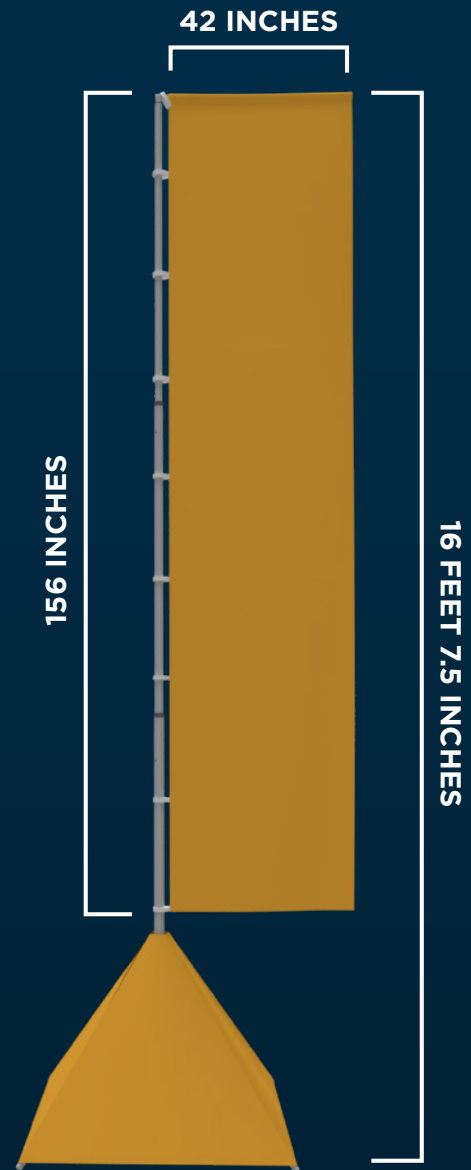

Extra-Large Event Flag • Double-Sided Print Included • Starts At \$1,399

MONARCHFLAG extends to heights of more than 16 feet, stands up to tough winds, and is equipped with a telescopic leg made from our popular **MONARCHTENT** framework.

MONARCHFLAG outshines other large freestanding flags with design improvements, including, sewn-in webbing loops, a snap-on base cover, and an innovative flag counterweight for that perfect flag flutter.

A custom-printed base cover hides the ballasting and is included with every **MONARCHFLAG**. Custom-printing on both sides completes your flag and draws even more attention.
