MONARCHTENT

Heavy Duty Pop-Up Tent System

Think of **MONARCHTENT** as tailored, outdoor event armor—designed to protect your brand, your team, and your investment from the unexpected.

Better Protection—Better Prepared. The all-weather, all-aluminum framework is engineered for lifetime use and backed by a lifetime warranty. The canopy is made with a specially designed all-weather fabric and is backed by a separate, 7-year warranty. **MONARCHTENT** also has engineer-certified wind ratings.

Better Customization for Better Visibility. We designed **MONARCHTENT** as a customizable pop-up tent system. Between 15 sizes, 6 canopy styles and numerous add-ons, there's no shortage of configuration options and ideas.

MONARCHTENT

- Heavy Duty, All-Aluminum Framework
- Precision-Fit all-Weather Canopy

WHEELKIT

Both MONARCHTENT and mightyTENT Include a Patented, All-Terrain Wheel Kit.

While pop up tents are lightweight, they aren't easy to carry—especially for one person. Wheeled bags and roller containers still require you to pick up the frame.

Our patented wheel kit design slides into the footpad without the need to lift the tent—for quick, one-person transport. We also use rigid, airless wheels to support easy transport across all types of terrain and objects without the risk of puncture.

Transform your tent.

A TentCraft pop-up tent is so much more than a pop-up tent. With the ability to add walls, counters, roll-up doors — and so much more — you can transform your investment into a beautiful (and useful!) solution for all of your events. When you work with TentCraft, our product specialists dissect your business' needs and come up with a solution that works best for you and your operation.

Tent heater

Your tent doesn't discriminate against cold weather! Our event heating kit pack 1,500 watts of power and easily connects to the center tent pole with included clamps — the perfect solution to make your space a little cozier.

Footplates

The easiest way to ballast your tent is by using our 50-pound footplates that individually attach to each leg and footplates. With 200 lbs. of total weight, you won't have to worry about your tent blowing away.

LED light kit

Make your tent glow in the dark with our super-efficient canopy tent lighting kit. The individual light strips can be installed on any of the roof frame pieces.

Roller Case

For premium protection and storage, our hardshell roller case is the best option.

All Purpose, All Weather

Our proprietary polyester blend has gone through rigorous testing to eliminate the most common points of failure such as heavy water pooling.

Water-Resistant

Your canopy should function just like an umbrella it should easily shed water.

Fire-Rated

Whether you're cooking underneath your tent or will be setting up in a location with fire-rating requirements, we have you covered.

Reinforced Corners

Every point where the frame makes contact with the canopy is reinforced with heavy duty vinyl to prevent unnecessary wear and tear.

Tailored for Wrinkle-Free, Precision-Fit

Just like a suit—wrinkles and sag are unacceptable. Every canopy is crafted with a strap and buckle system to ensure perfect tension.

Custom Printing

Any color—any graphics. With dye-sublimation printing, the ink is absorbed and actually becomes part of the fabric itself. As a result, the print cannot be damaged with wear and it won't crack or peel.

MONARCHTENT & mightyTENT CANOPY

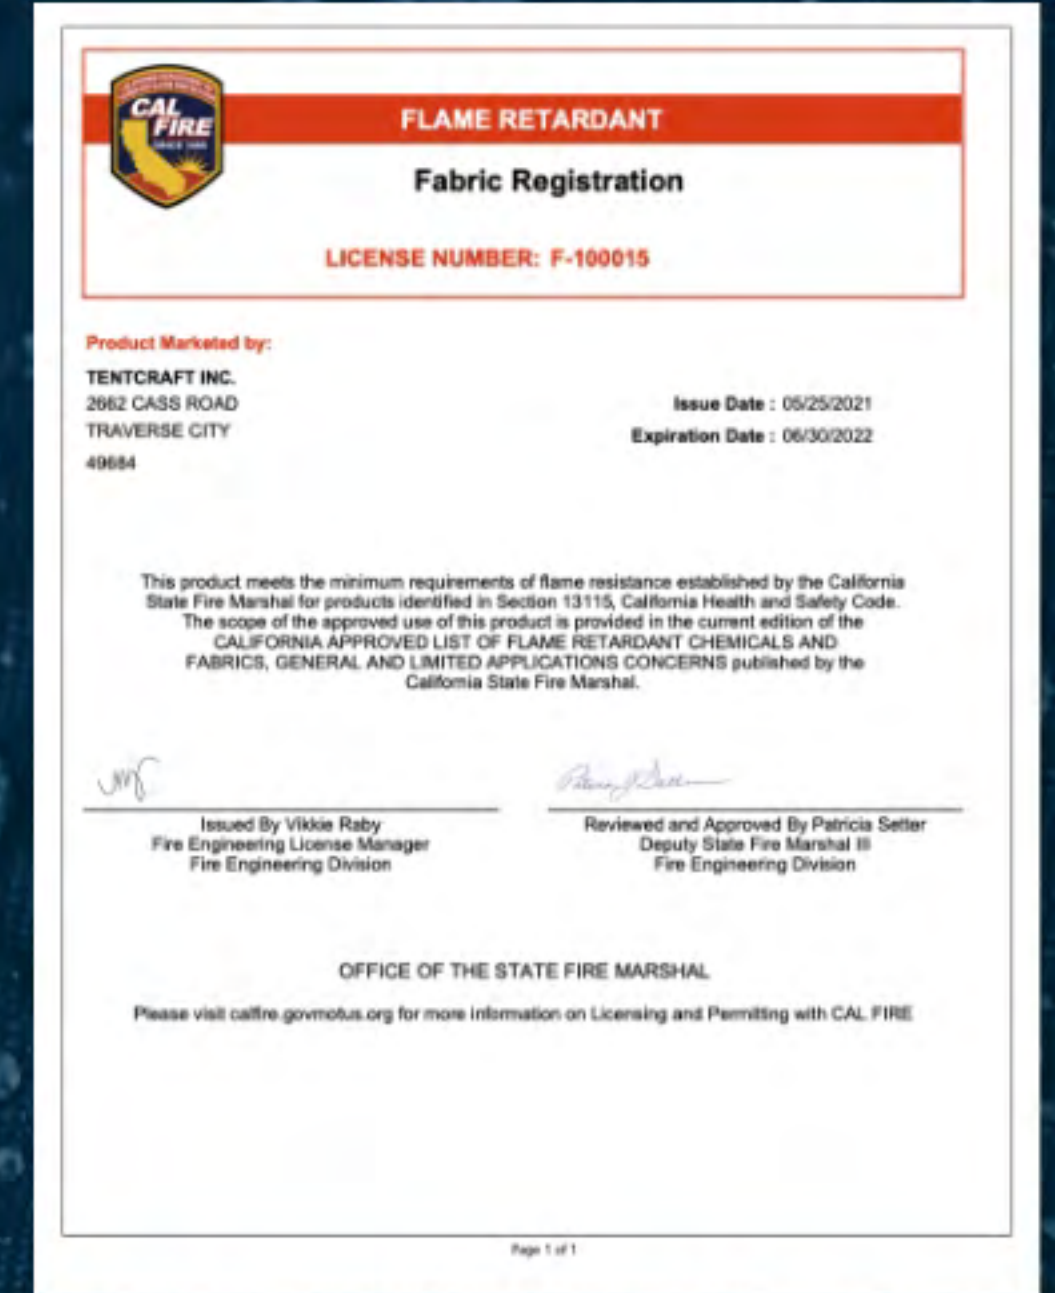

Made with Duranti™ A Proprietary, All-Weather Fabric

Our Duranti™ material is inspired by hiking backpack design and is performance tested to **ASTM D5034-21** standards. We designed the material to have a specific tensile strength and thread density to reduce water pooling from heavy rains. All mightyTENT and MONARCHTENT canopies are backed by a 7-year warranty.

Duranti™ Material Specs

- Flame-retardant / Fire-rated
- Water resistant
- Mildew resistant
- UV resistant

Fire Certification

MONARCHTENT and mightyTENT meet the requirements of flame resistance established by the state of California, which is the strictest in the nation. [Learn More](#)

**Note: Since we can't replicate every possible wind and weather scenario, our ratings are intended to be a guide for safety. Although we could test our products to fail points, we do not recommend that pop-up tents, regardless of ballasting, be left up in winds exceeding the charts above.

MONARCHTENT Warranty

MONARCHTENT Warranty 

TentCraft, LLC / MONARCHTENT Warranty

Lifetime, Non-Transferable, Limited Structural Frame Warranty with 7-Year Canopy Warranty

What and Who are Covered:

TentCraft, LLC ("TentCraft") warrants to the original purchaser that its MONARCHTENT frames and Canopies will be free from manufacturing defects in material and workmanship. Your product is manufactured in our U.S. facility with premium materials. If TentCraft determines, in its sole discretion, that its MONARCHTENT products have a manufacturing defect under the terms of this Limited Warranty, TentCraft will, at its option, either (1) pay to repair or replace any product it determines to have a manufacturing defect, or (2) refund the amount paid by the original purchaser.

In no event will the value of TentCraft's obligations under this Limited Warranty exceed the purchase price of the original products that TentCraft determines has a manufacturing defect. Any costs or expenses beyond this amount are the responsibility of the purchaser.

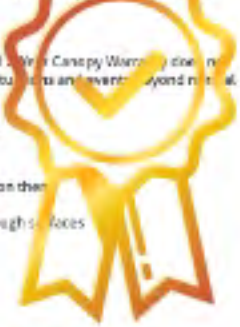

In the event of repair or replacement under the terms of this Limited Warranty, the warranty applicable to the original MONARCHTENT product shall apply to the repaired or replaced product and will extend for the balance of the original warranty period.

In our experience, most damage occurs as a result of improper ballasting or lack of supervision. A heavy gust of wind can cause your tent to become a hang glider, which is dangerous and likely to result in damage when it crashes back to Earth. Your tent should not be left up unattended, especially as weather is unpredictable and your tent is not designed to function as a hang glider.

Limitations:

The MONARCHTENT Frame System Lifetime, Limited Warranty and 7-Year Canopy Warranty does not provide protection against failure, defect, or damage caused by situations beyond your normal use conditions, including but not limited to:

- Misuse, abuse, neglect, improper handling, or improper storage:
 - o Not using the supplied cover bags
 - o Laying the tent down on ground for long periods of time
 - o Stacking the tents excessively or stacking heavy objects on them
 - o Collapsing tent without undoing the valance straps
 - o Dragging the canopy and/or frame across pavement or rough surfaces
- Shipping damage not noted with shipper at time of delivery.

LIFETIME FRAME WARRANTY | 7 YEAR CANOPY WARRANTY

All MONARCHTENT models include a lifetime frame warranty to protect you against workmanship and manufacturing defects. The fabric canopy is also backed by a pro-rated 7-year warranty. And if something unexpected happens outside of what the warranty covers, we're always willing and able to work with you.

MONARCHTENT Wind Ratings

TentCraft Monarch Tent Wind Load Certification

For analysis in accordance with ASCE 7-05, the TentCraft Monarch 10x30 tent is certified for stability with a rated (according to installation instructions) of 40 mph winds.

Staked Tent Wind Rating	
Minimum Tent Size	Wind Speed (mph)
10x10	40

For analysis in accordance with ASCE 7-05, the TentCraft Monarch 10x30 tent is certified for stability with 124 lb tent weights at 30 mph winds.

Weighted Tent Wind Rating	
Minimum Tent Size	Wind Speed (mph)
10x10	30

TentCraft does not recommend use of Monarch tents in wind conditions with gust speeds greater than 40 mph.

MONARCHTENT WIND RATINGS

MONARCHTENT performance and durability is backed by certified wind-ratings performed by professional engineers. Since we can't replicate every possible wind and weather scenario, wind rating guides are designed to help you prepare for the unexpected. While we could testing our tents to failure, these scenarios ignore safety. That's why we apply a factor of safety (FoS) to our wind ratings to ensure the well-being of our clients.

mightyTENT Warranty

mightyTENT Warranty 

TentCraft, LLC / mightyTENT Warranty

5-Year, Non-Transferable, Limited Structural Frame Warranty with 7-Year Canopy Warranty

What and Who are Covered:

TentCraft, LLC ("TentCraft") warrants to the original purchaser that its mightyTENT frames and Canopies will be free from manufacturing defects in material and workmanship. Your product is manufactured in our U.S. facility with premium materials. If TentCraft determines, in its sole discretion, that its mightyTENT products have a manufacturing defect under the terms of this Limited Warranty, TentCraft will, at its option, either (1) pay to repair or replace any product it determines to have a manufacturing defect, or (2) refund the amount paid by the original purchaser.

In no event will the value of TentCraft's obligations under this Limited Warranty exceed the purchase price of the original products that TentCraft determines has a manufacturing defect. Any costs or expenses beyond this amount are the responsibility of the purchaser.

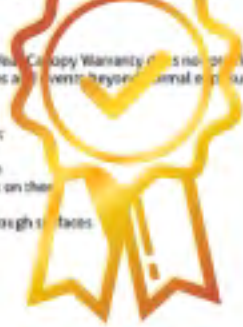

In the event of repair or replacement under the terms of this Limited Warranty, the warranty applicable to the original mightyTENT product shall apply to the repaired or replaced product and will extend for the balance of the original warranty period.

In our experience, most damage occurs as a result of improper ballasting or lack of supervision. A heavy gust of wind can cause your tent to become a hang glider, which is dangerous and likely to result in damage when it crashes back to Earth. Your tent should not be left up unattended, especially as weather is unpredictable and your tent is not designed to function as a hang glider.

Limitations:

The mightyTENT Frame System 5-Year, Limited Warranty and 7-Year Canopy Warranty does not provide protection against failure, defect, or damage caused by situations beyond your normal use conditions, including but not limited to:

- Misuse, abuse, neglect, improper handling, or improper storage:
 - o Not using the supplied cover bags
 - o Laying the tent down on ground for long periods of time
 - o Stacking the tents excessively or stacking heavy objects on them
 - o Collapsing tent without undoing the valance straps
 - o Dragging the canopy and/or frame across pavement or rough surfaces
- Shipping damage not noted with shipper at time of delivery.

5-YEAR FRAME WARRANTY | 7-YEAR CANOPY WARRANTY

All mightyTENT purchases come with a 5-year frame warranty protecting you against workmanship and manufacturing defects. Like MONARCHTENT, the fabric canopy is backed by a pro-rated 7-year warranty. If something unexpected happens that falls outside of the warranty, we're always willing and able to work with you.

We Make it Here so we can Make it Better

Better Protection for your team, brand and investment

Better Features & Accessories to simplify events

MONARCHTENT

Heavy Duty Pop Up Tent System

MONARCHTENT may be the right fit if:

- ✓ You and/or your clients are expecting durability that comes with a Lifetime Frame Warranty and 7 Year Canopy Warranty
- ✓ You've experienced the frustration and regret of having to replace a cheaper solution
- ✓ You're looking for something different to help your brand stand out
- ✓ You're setting up in regions with heavy winds and rain
- ✓ You're an experiential marketing agency trusted to represent world-class brand experiences
- ✓ You have neither the time nor patience to have to deal with pop up tents that break easily
- ✓ You want something that customizable and heavy duty
- ✓ You're setting up tents several times a month or year
- ✓ Pop up tents are the main footprint for your business
- ✓ You're working with a short timeline and need something fast
- ✓ You have inexperienced users setting the tent up and need something battle-tested
- ✓ You're looking for something that can be tailored for a specific use application such as food service, product display, drive-through, etc
- ✓ Your organization has a lengthy purchasing process that you can't afford to start all over again
- ✓ You need a non-standard head clearance
- ✓ You need better protection against costly or time-consuming damages
- ✓ You are focused on a strong ROI when you purchase assets for clients or your own business.
- ✓ Having the absolute best matters

mightyTENT

Medium Duty Pop Up Tent

mightyTENT may be the right fit if:

- ✓ You've experienced the frustration and regret of having to replace a cheaper solution
- ✓ You value quality and want some customization but don't necessarily need the top model
- ✓ You need a standard size tent custom printed to match your brand
- ✓ You prefer an American made product over one that is sourced overseas
- ✓ You're looking for one-person setup that balances weight with durability
- ✓ You're working with a short timeline and need something fast
- ✓ You have a team member setting up the tent that would struggle with a solution weighing more than 60 lbs
- ✓ You have budget constraints but still believe you get what you pay for
- ✓ You and/or your clients are expecting durability that comes with a 5-Year Frame Warranty and a 7-Year Canopy Warranty
- ✓ You have neither the time nor patience to have to deal with pop up tents that break easily
