

# HOW TO SETUP

 TentCraft | mightyTENT  
mightyTENT Canopy Replacement

- 1** Undo the velcro straps on all four legs. Round at the top of the legs.

- 2** Undo the elastic straps holding the peak in place.

**3** Remove the old canopy. Put the new canopy in place.

**4** Wrap the elastic straps under the peak cap, criss crossing them before placing. Repeat for all peaks.

Tent**Craft**.com/support

**5** Velcro the straps around all tent legs.

**6** Enjoy your refreshed tent!
