

TentCraft, LLC / E-Series Frame Tent Warranty

Lifetime, Non-Transferable, Limited Structural Frame Warranty with 2-Year Canopy Warranty

What and Who are Covered:

TentCraft, LLC ("TentCraft") warrants to the original purchaser that its E-Series Frame Tent Frames and Canopies will be free from manufacturing defects in material and workmanship. Your product is manufactured in our U.S. facility with premium materials. If TentCraft determines, in its sole discretion, that its E-Series Frame Tent products have a manufacturing defect under the terms of this Limited Warranty, TentCraft will, at its option, either (1) pay to repair or replace any product it determines to have a manufacturing defect, or (2) refund the amount paid by the original purchaser.

In no event will the value of TentCraft's obligations under this Limited Warranty exceed the purchase price of the original products that TentCraft determines has a manufacturing defect. Any costs or expenses beyond this amount are the responsibility of the purchaser.

In the event of repair or replacement under the terms of this Limited Warranty, the warranty applicable to the original E-Series Frame Tent product shall apply to the repaired or replaced product and will extend for the balance of the original warranty period.

Normal Weathering:

Normal weathering is defined as exposure to sunlight and extremes of weather and atmosphere which will cause any colored surface to gradually fade, chalk, or accumulate dirt or stains. The severity of any condition depends on the geographic location where the product is used, the cleanliness of the air in the area, and many other influences over which TentCraft has no control.

Installation:

The tent installer accepts the sole responsibility for the safe installation, teardown, and maintenance of any TentCraft tent. TentCraft is unable to know site conditions or the weather conditions where product will be installed and can only supply engineering based on the products design parameters. It is the INSTALLER'S responsibility to deem the tent unsafe for occupancy if/when the weather becomes unstable. Use proper tent ballasting technique when installing.

What the E-Series Tent Owner Must Do:

If you believe your E-Series Tent product has a manufacturing defect, or faded beyond normal weathering, you must promptly notify TentCraft in writing using our electronic warranty form located at tentcraft.com/support#warranty. TentCraft will evaluate each properly reported claim under the terms of this Limited Warranty and will notify you of any additional information, photos, or product samples it may need in order to process your claim.
